Your Peacetime Garden.

There is still a need for home gardens. Every family with any available ground should have a vegetable garden. Enjoy your fresh vegetables all summer and "can what you can" for winter use.

Food production is important. There are starving peoples all over the world, so let us do our share and reap a harvest of better health as well as better eating.

Beckert's have been seed specialists since 1877. Our seed stocks are now complete but we cannot promise how long they will remain complete. Order early to be sure of getting what you want. We will be pleased to have you drop in and discuss your garden problems with our experienced clerks.

BECKERT'S Lawn Seeds

The Lawn Grass Seed Mixtures we offer are the result of years of trial and study to perfect blends best adapted to our local soil and climatic conditions. Only seed of the highest purity and

germination are used in our mixtures. Experienced help in our store are always willing to help solve your particular lawn problems. One pound of our mixtures will cover 250 square feet.

BECKERT'S EVERGREEN LAWN SEED

Perhaps our best-known and appreciated mixture compounded by our own testing department that has with few changes given satisfaction for over 50 years. Because of its quality it should not be confused with mixtures that are being offered to the public under the same or similar name. It contains only the finest domestic grasses selected and analyzed as to Purity and Germination and will produce a turf smooth of texture, hardy and enduring.
